Partner 1: Ask your partner the following questions

- When and where did the Bear River Massacre take place? During what major event in the United States did this take place?
- What may have motivated the settlers to remove the Native Americans from their lands?
- What steps did the settlers take to remove the Natives? What impact did this have on the Native Americans?

Partner 2: Ask your partner the following questions

- What was the reaction of the Native Americans? What steps did they take in response to the actions of the settlers?
- In what way did the US Government get involved in the conflict?
- What were the results of the conflict? Which side lost more people?
